- 4) Mandatory Questionnaire; Pursuant: 5 USC § 552, FOIA, Article 1, Section 3 of the California Constitution and the California Public Records Act Gov't. Code § 6250 et seq.

It is a fact that: Pursuant 8 USC 1101 § (a)(21)(23) I am a natural born American State National of Oregon, in its constitutional capacity, as one of the several states of the Union and I am an inhabitant thereof.

It is a fact that: That my birth certificate is proof that I am an American State National.

Please see attached birth certificate.

It is a fact that: That I am not a United States citizen, resident, person, individual, employee of the government or any other legal fiction, nor have I ever been.

28 USC § 3002 (15) "United States" means— (A) a Federal corporation

U.S. v. Anthony 24 Fed. 829 (1873) "The term resident and citizen of the United States (this means a 14th amendment citizen) is distinguished from a Citizen of one of the several states, in that the former is a special class of citizen created by Congress."

"We have in our political system a government of the United States and a government of each of the several States. Each one of these governments is distinct from the others, and each has citizens of its own..." United States v. Cruikshank, 92 U.S. 542 (1875)

"...he was not a citizen of the United States, (again 14th amendment citizen) he was a citizen and voter of the State..." "One may be a citizen of a State and yet not a citizen of the United States". McDonel v. The State, 90 Ind. 320 (1883)

CEASE AND DESIST

Nemo me impune lacessit.

"That there is a citizenship of the United States (again a 14th amendment citizen) and citizenship of a state,..." **Tashiro v. Jordan, 201 Cal. 236 (1927)**

"A citizen of the United States is a citizen (14th amendment citizen) of the federal government ..." **Kitchens v. Steele, 112 F.Supp 383**

"Taxpayers are not [de jure] State Citizens." **Belmont v. Town of Gulfport, 122 So. 10.**

State v. Manuel, 20 NC 122: "the term 'citizen' in the United States, (means United States citizen or legal fiction) is analogous to the term 'subject' in common law; the change of phrase has resulted from the change in government."

Supreme Court: Jones v. Temmer, 89 F. Supp 1226:

"The privileges and immunities clause of the 14th Amendment protects very few rights because it neither incorporates the Bill of Rights, nor protects all rights of individual citizens. Instead this provision protects only those rights peculiar to being a citizen of the federal government; it does not protect those rights which relate to state citizenship."

Supreme Court: US vs. Valentine 288 F. Supp. 957:

"The only absolute and unqualified right of a United States citizen is to residence within the territorial boundaries of the United States." (This is the legal fiction citizen of the federal corporation)

The Amendment (14th) recognized that "an individual can be a Citizen of one of the several states without being a citizen of the United States," (U.S. v. Anthony, 24 Fed. Cas. 829, 830), or, "a citizen of the United States without being a Citizen of a state." (Slaughter-House Cases, *supra*; cf. U.S. v. Cruikshank, 92 US 542, 549 (1875)). (Again talking about a 14th amendment citizen)

A more recent case is Crosse v. Bd. of Supervisors, 221 A.2d 431 (1966) which says: "Both before and after the Fourteenth Amendment to the federal Constitution, it has not been necessary for a person to be a citizen of the United States in order to be a citizen of his state." Citing U.S. v. Cruikshank, *supra*.(confusing, but recognizes State citizenship)

"There are, then, under our republican form of government, two classes of citizens, one of the United States and one of the state". (Again making a distinction between a 14th amendment citizen and a State Citizen)

Gardina v. Board of Registrars of Jefferson County, 160 Ala. 155; 48 So. 788 (1909)

"The governments of the United States and of each state of the several states are distinct from one another. The rights of a citizen under one may be quite different from those which he has under the other".

Colgate v. Harvey, 296 U.S. 404; 56 S.Ct. 252 (1935)

"...rights of national citizenship as distinct from the fundamental or natural rights inherent in state citizenship". Madden v. Kentucky, 309 U.S. 83: 84 L.Ed. 590 (1940)

"There is a difference between privileges and immunities belonging to the citizens of the United States (14th amendment citizen) as such, and those belonging to the citizens of each state as such". Ruhstrat v. People, 57 N.E. 41 (1900)

"Therefore, the U.S. citizens (citizen of the federal corporation) residing in one of the states of the union, are classified as property and franchises of the federal government as an individual entity\"", Wheeling Steel Corp. v. Fox, 298 U.S. 193, 80 L.Ed. 1143, 56 S.Ct. 773

"...the first eight amendments have uniformly been held not to be protected from state action by the privilege and immunities clause [of the 14th Amendment]."

Hague v. CIO, 307 US 496, 520

"The right to trial by jury in civil cases, guaranteed by the 7th Amendment...and the right to bear arms guaranteed by the 2nd Amendment...have been distinctly held not to be privileges and immunities of citizens of the United States guaranteed by the 14th Amendment...and in effect the same decision was made in respect of the guarantee against prosecution, except by indictment of a grand jury, contained in the 5th Amendment...and in respect of the right to be confronted with witnesses, contained in the 6th Amendment...it was held that the indictment, made indispensable by the 5th Amendment, and trial by jury guaranteed by the 6th Amendment, were not privileges and immunities of citizens of the United States, as those words were used in the 14th Amendment. We conclude, therefore, that the exemption from compulsory self-incrimination is not a privilege or immunity of National citizenship guaranteed by this clause of the 14th Amendment."

Twining v. New Jersey, 211 US 78, 98-99

"The acceptance of a license, in whatever form, will not impose upon the licensee an obligation to respect or to comply with any provision of the statute or with the regulations prescribed that are repugnant to the Constitution of the United States." W. W. CARGILL CO. v. STATE OF MINNESOTA, 180 U.S. 452 (1901) 180 U.S. 452

"A "US Citizen" (citizen of the federal corporation) upon leaving the District of Columbia becomes involved in "interstate commerce", as a "resident" does not have the common-law right to travel, of a Citizen of one of the several states." Hendrick v. Maryland S.C. Reporter's Rd. 610-625. (1914)

It is a fact that: I explicitly reserve all of my rights always and forevermore.

It is a fact that: That the United States, with intent and great deception, uses the term "United States citizen", to deprive the people of their rights, their birth rights, their property and freedom. And further, to relegate the status of the people, to that of livestock.

Dear Honorable Presiding Judge Michael J. McLaughlin,
And or Commissioner and or whom it may concern:

El Dorado County Superior Court, Department # 4
South Lake Tahoe Branch
1354 Johnson Blvd.
South Lake Tahoe, CA 96150

I hope you are well.

This is a private communication regarding a confidential matter where I was discriminated against, attacked without provocation, assaulted, battered, literally broken in half at the hips, tortured, medically neglected, held hostage against my will and my personal property was taken, misplaced and or withheld.

1. I Benjamin David Crocker am defined under 8 USC Section 1101 (a)(21)(23). Additionally, I am disabled per Federal ADA Guidelines from multiple preexisting medical conditions. Barton Hospital and Barton Staff have discriminated against and harassed me since before May of 2021 in direct contradiction of Barton's Patient's Rights Policy and Procedure manual, The American Disabilities Act as well as a number of previously established Federal and State Governmental rules, codes, statutes and ordinances- Barton's Staff has both verbally and by email threatened retaliation against me to discontinue medical care if I questioned Barton's mask policy, questioned or expressed dissatisfaction with the numerous different medications prescribed (specifically negative medication interactions and their effect on my body), various treatment methods prescribed and recommended by Barton staff, or for expressing my truthful experience. Since May of 2021, I have undergone reconstructive surgery at Barton on both right and left shoulders. The left in May and the right in July. Previously to that I have been treated at Barton for neuropathy, cervical, thoracic and upper lumbar, skeletal and muscular ailments, reconstructive knee surgery as well as some other minor issues.
2. On 12-3-21 I arrived at Barton Hospital in South Lake Tahoe, California, for a prescheduled 9:20 after/post/surgery right shoulder MRI and Barton refused to treat me- "Mask policy" was cited as the reason for refusal. I cannot properly breath in a mask and my body cannot get enough oxygen. I have passed out in the past while wearing masks. To be forced to wear one is not only physically and emotionally unhealthy for me, but it is also against my God Given belief in every American's Constitutional, Religious and Medical Freedoms regarding (but not limited to) Life, Choice, Law, Happiness, Liberty and Justice.
3. Hospital staff stated I would not be treated and requested I leave before calling the police on me, citing mask policy. I was not offered the option of wearing an approved face shield that would allow me to breath properly. I left and walked outside the building to interact with Law Enforcement.

Exhibit E

4. As I was walking outside, I called 911 and requested for the Sheriff to respond, 911 dispatch cites "outside Sheriffs jurisdiction".
5. I was already outside of the building sitting on the ground/curb talking to the 911 dispatcher when four City of South Lake Tahoe Police Officers surrounded me. I tried to explain to them I was there for a prescheduled MRI after a shoulder surgery. I requested to talk to the constitutional Sheriff stating it's not about policy and how I felt I was unlawfully being detained and falsely arrested, but the officers were not interested in listening to me. There was absolutely no de-escalation attempt by the officers. While armed, they threatened me by saying that I had to leave the hospital, citing policy and at that point, at least one of the Officers started yelling/screaming while standing over me. I asked him why he was yelling at me and told him that I would leave but he didn't give me any time in which I could comply before I was attacked. I reiterated to the Officers that I just had surgery as they were attacking me.
6. Even though I was already sitting on curb/ground, in no way a threat, the four Police Officers, attacked me by grabbing me, yanking me forward and pulling my arms straight out to the sides. The officers pulled my shoulders out of socket as they were wagging both my arms and body around while pushing me head down to the ground between my legs. As they were wagging me around like I was a ragdoll, they kept saying stop resisting even though I was as limp and compliant as I could be. The officers kept pulling in different directions and wagging on my arms, all the while pushing me face down to the ground with my head between my legs until the bone in the back of my right pelvis snapped and my hip rotated forward enough that the upper portion of my head above the left temple hairline hit the ground and my belly was forced down on the ground. I am laying face down in extreme pain, pain, woozy-haze-
7. Loss of consciousness-haze- bits and pieces..- I feel tortured and forced into a car.. I remember being held up/pushed back in the car by one of the Officers while I was blacking out. I came to handcuffed to a gurney with a mask forced over my face in the Emergency Room. I told the Doctor about my hip, shoulders, back, neck, knee, ect., Someone forced a mask on me..- I do not consent.. I can't hardly get enough oxygen... I feel like they are trying murder me... Feel faint, like I'm going to pass out..-
8. Woozy-haze- again I ask for sheriff... want to talk to sheriff--
9. Instead of the Sheriff, another Police Officer came in and interrogated me. By that time, I had worked the mask down past my nose with my mouth enough to breath, but someone kept putting it back on- The Officer told me he had taken the same oath of office the Sheriff did and my request to talk with Sheriff was denied. men i told him about the cops yelling at me and how they didn't give me time to respond before they attacked me, he deflected accountability, said the whole incident was recorded, then he wanted to know about my pockets and I told him about the keys, cash, viles of gold (1 dwt, AU), ect in my pockets. At that point the officer took everything out of my pockets. I do not know if I was previously searched while I was unconscious.
10. An x-ray of my right hip confirmed the pelvic fracture. Hospital staff informed me of the need for surgical repair of the injury, but that Barton would not perform the procedure and offered pain medication instead. I requested for the pain medication after the conclusion of the exam so I could be clear headed enough to let the Doctor know exactly what was wrong with the rest of my body. Again, I told the Doctor about my shoulders and the Doctor ordered another x-ray. At that point the Police became impatient and verbally pressured me to rush out of the Emergency Room before the exam/x-ray was complete. After physically being broke in half and while I was under duress from physical pain, emotional trauma and armed intimidation..- I was in no way to

Exhibit E

resist being removed/discharged from the Emergency Room, forced into a Police car to sit on my fractured pelvis and taken to the Sheriff's jail facility in South Lake Tahoe without shoulder care, nor pain management.

11. In and out of consciousness- woozy- haze- pain-
12. At the Jail intake, I remember they had me sitting in wheelchair and were asking me intake questions, I told the Jail Intake Doctor and Sheriff Deputies at the Jail about my hip, shoulders, head and how I wanted to make report to Sheriff against Officers who beat me up. The Officer who brought me to the jail confirmed the emergency room diagnosed me with a pelvic fracture but deflected accountability saying it could have been preexisting. The Officer once again became aggressive, hostile and intimidating toward me by raising his voice and implied there was no head wound before taking pictures of my face with his personal cell phone even though I told him "NO". I remember feeling woozy-thirsty and requested water (H2O). I told them I felt like I was going to pass out and they tried to hold me upright in the wheelchair- I lost consciousness at least twice again because the first time I came to I was laying on my back looking at the Doctor. The second time I came to, I was laying on floor on my right side looking at my own bloody vomit and I heard a female guard voice comment- "is that blood?". I specifically remember it was my right side because my hip was screaming ouch at me as I was being held down on it
13. I was put back in a wheelchair and I was put in a jail cell. Pain- woozy- Haze-
14. Pain- Woozy- Haze- I Feel faint- I remember calling out "guard!!!"- I lost consciousness again.. when I came to again, I was on the on floor. They tried to get me to eat. I was thirsty and given minimal H2O- they got me back into the wheelchair- an unknown amount of time passes- I am still thirsty and request H2O but am provided some sort of sour/bitter reddish color powdered sugar drink, which I was told was Gatorade-but tasted like unknown crushed up medication- woosy feeling drugged- faint headed- I remember calling out for the Doctor/Hospital- in and out of consciousness. Wheelchair-bench-toilette- ouch- in and out of consciousness-
15. I was finally released shortly before midnight on crutches. My possessions were returned upon release except for the cash and gold. Instead of returning the cash, the jail provided a third party, prepaid debit card that charges extra fee's to access the cash that was taken... no gold.
16. I was cruelly and unusually punished by psychological, emotional and physical abuse as well as detainment against my consent without proper medical care for almost 14 hours.
17. On December 4, 2021, the fracture of my pelvis was reconfirmed by a different medical facility, along with the need for surgical reconstructive repair on my pelvis.
18. On December 7, 2021, I was diagnosed with sprain/strain of the shoulders by a different medical facility, referred for x-rays and specialized follow up care-
19. On December 7, 2021, I was diagnosed with strain of the neck by a different medical facility, referred for x-rays and specialized follow up care.
20. On December 8, 2021, I was x-rayed by a different medical facility and referred for specialized follow up care.

Exhibit E

21. On, December 17, 2021, I received an email from Barton Risk Management stating, 'Your avulsion fracture requires surgery and follow-up care"-
22. I have been discriminated against, suffered physically as well as emotionally. I have been suffering physically and emotionally and continue to suffer physically and emotionally from my injuries.
23. Because of the above described traumatic event and multiple other previous negative interactions with some (but not all) Police and Law Enforcement Officers who have breeched public trust and abused positions of authority, "**I am deathly afraid for my life**" to come/walk into this and most courts and be around or in contact most Police and or Law Enforcement Officers.
24. I am only making a special appearance to settle this matter because I promised to while under coercion, armed intimidation and physical and emotional duress.
25. I hereby accept your oath of office in this matter creating joinder, therefor we now have a firm and binding no signature required contract (Banner Entertainment, Inc v. Superior Court (1988) 62 Cal. App. 4th 348 [72 Cal. Rptr. 2d 598]) in which you will protect both our rights as you so swore, so help me God. RESTATEMENT (SECOND) OF CONTRACTS 69(1)(a)(b)(c)(2) Acceptance by Silence or Exercise of Dominion, in which you will protect our rights as you swore, so help me God. No signature is required from you to make this a legally binding contract.

Notice to Agent is Notice to Principle-Notice to Principal is Notice to Agent

Dear Above So Addressed and or Whom it may concern,

I find it disheartening and it brings me great sorrow to bring this matter to your attention:

1. On 12-3-21 around 9:40 am, I was discriminated against, conspired against, refused service at a public accommodation in violation of ADA policy, medically neglected, verbally and physically attacked, verbally and physically assaulted, verbally and physically battered, literally broken in half at the hips, physically and emotionally tortured, held against my will and subject to cruel and unusual punishment. Because of my injuries, I am considering suing, but I would prefer to settle this matter, honorably in private.
2. In short, I was damaged for a non-discriminable, non-arrestable offense and neither Barton Hospital Staff nor South Lake Tahoe Police had reasonable suspicion that a discriminable offense or crime had occurred.
3. Barton Hospital Staff and South Lake Tahoe Police Officers and El Dorado County Jail Staff were aware of my preexisting disability, yet they, caused and or enabled "significant and lasting injury" and or delayed and or neglected appropriate medical care for a new debilitating injury.
4. Barton Hospital Staff and South Lake Tahoe Police Officers and El Dorado County Jail Staff were "ill-prepared" to accommodate a person with disabilities who could not follow their commands due to disability.
5. If I am forced to file this lawsuit, I will be seeking among other things injunctive relief and economic, compensatory and punitive damages and demands for changes to policies, procedures and practices.
6. I am considering a lawsuit in which I would be adding you as a co-plaintiff in a legal action for immediate relief based on ongoing injuries against my God-given liberties. I am giving you the advance courtesy that you will be added to the suit (if filed) as a plaintiff. Your sub-contractors, agencies, corporations and it's agents have discriminated and conspired to deprive me of my fundamental God-given liberty without due process, to commit fraud on my Estate and breached fiduciary duty. These corporations, employees and agents have breached fiduciary duty in both their individual and public capacities and used my name and my credit to gain financially for themselves while pretending to honor the constitution according to their oath's of office. I am required to notify you under the California Tort Claims Act to preserve all documents.
7. You must immediately suspend retention and destruction policies for documents, electronically stored information, and tangible things and must preserve and retain all documents, electronically stored information, and tangible things relating to occurrences or transactions discussed in this letter. The failure to preserve and retain this information may constitute "spoliation of evidence" and subject you and your employee's to legal claims for damages or monetary sanctions.
8. This letter is to inform you that I believe you and your client, employee, agency, corporation and organization may possess documents, electronically stored information, and tangible things relating to FRAUD on and abuse of my Physical Body, registered name; BENJAMIN DAVID CROCKER, Estate and Trust. As part of my ongoing investigation, you and your client may be requested to produce responsive documents, electronically stored information and tangible things. Thus, you and your client have an obligation to take reasonable steps to ensure that all relevant documents, electronically stored information and tangible things are safeguarded and preserved until the resolution of this legal matter.

Because you and your client may also have to make relevant electronically stored information available for litigation, you and your client should consider protecting that electronic data by making a mirror image of it. A "mirror image" is a bit-by-bit copy of electronically stored information (e.g. on a hard drive or flash drive) that ensures the computer system is not altered during the imaging process. The mirror image
